

CAPSTONE PROJECT

Machine Learning Fundamentals

MACHINE LEARNING APPLICATION

REQUIREMENTS

Design and
Build a Machine
Learning
Application

Write Short
English Report

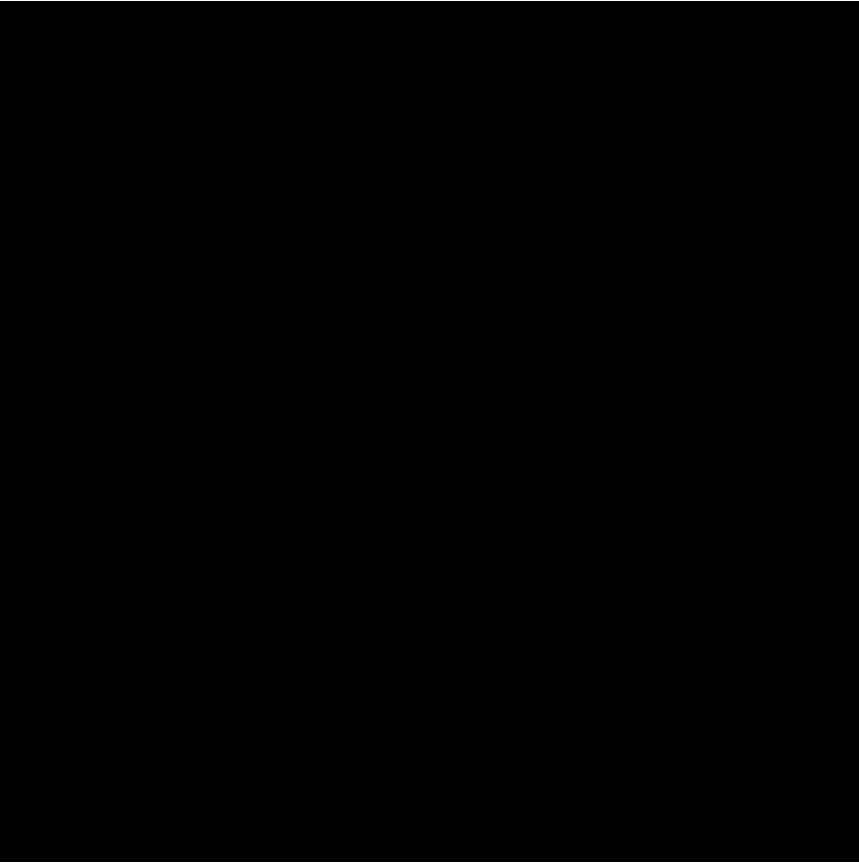

Project is worth
50% of the
course grade

REQUIREMENTS

GRADING

SUBMISSION DEADLINE

PRESENTATION AND DEMONSTRATION

5 minutes
presentation

5 minutes
demonstration

10 minutes
questions
and
answers

PLAGIARISM

NO PLAGIARISM

SELECTING A PROJECT

- Clearly Defined Problem
- Justify the project
- Written using your Machine Learning Tools from the Course in Python

FEATURES

- Data Exploration (including a summary report)
- Data Preparation
- Selection of Appropriate Learning Algorithms
- Build and Test
- Report Results
